Re: Proposal for CCTV, Access Control, Networking and Public Wi-Fi at A&C Mall

Dear Sir/Madam,

A&C Mall is one of East Legon's best-known shopping destinations, welcoming shoppers, tenants and visitors every day. Film Beyond Imagination (FBI) would like to help you keep them safe and connected.

What we would deliver

- **HD CCTV** across entrances, walkways, car parks and loading areas, with a central control room view for your security team.
- **Car park and perimeter coverage** with night vision.
- **Access control** for service areas, plant rooms and management offices.
- **Mall-wide networking and public Wi-Fi**: a fast, managed network for shoppers and tenants.

The benefits

- **Safer shopping** and quicker response to incidents.
- **A better tenant offer**, with reliable connectivity across the mall.
- **One installer and support contract**, at partner rates.

We offer a free site survey, system design and quote. We would welcome a short meeting with your property management team.

Yours faithfully,

Jerbel Mark Addeh
