Re: Partnership Proposal for Smart Apartments, Access Control and CCTV

Dear Sir/Madam,

From The Blossoms, Resilience, Earlwood and Hammond's Court to Cantonments City Tower and your commercial towers, Goldkey builds some of Accra's most prestigious addresses. Film Beyond Imagination (FBI) would like to partner with you, and with Denton Property Managers, on the smart and security systems behind them.

What we would deliver

- **Smart apartment packages:** smart locks, lighting, AC and blinds controlled from one app, a strong selling point for diaspora and corporate buyers.
- **Access control** for lobbies, lifts, car parks and amenities, with resident cards or app entry and visitor management.
- **HD CCTV** across entrances, car parks, corridors and perimeters, with central monitoring for your facility team.
- **Building-wide networking and Wi-Fi** for residents, offices and common areas.

What Goldkey gains

- **One installer and support contract** across residential and commercial towers, at partner rates.
- **Higher-value sales and lettings**, and fewer security incidents for Denton to manage.

We offer a free survey, design and quote for one of your current developments. We would welcome a short meeting at Cannon House.

Yours faithfully,

Jerbel Mark Addeh
