Re: Proposal for Live Streaming and Media Production Support at Christ Temple

Dear Sir/Madam,

ICGC already invites members to watch services live on any smart device, and Christ Temple's teaching reaches far beyond Accra. Film Beyond Imagination (FBI) would like to support your media team in raising that broadcast to the very highest standard.

What we offer

- **Multi-camera production** of services and special programmes, with live graphics, clean sound and backup internet.
- **A broadcast setup review** and upgrades for Christ Temple and Christ Temple East: cameras, switching, encoders and streaming.
- **Training** for media volunteers on cameras, switching and live graphics.
- **Event coverage** for conventions, conferences and Central University events, plus short clips for social media.

Why FBI

We run our own live channel, FBI TV, and stream events across Ghana. We understand worship and keep the focus on the service.

We offer a free assessment of your current streaming setup with written recommendations. We would welcome a short meeting with your media team.

Yours faithfully,

Jerbel Mark Addeh
