Re: Proposal for CCTV Systems, Corporate Films and Event Coverage

Dear Sir/Madam,

Film Beyond Imagination (FBI) is an Accra-based film, broadcast and technology company with more than 500 projects delivered for over 300 clients across Ghana. We would like to support The Bank Hospital with dependable security systems and media that helps patients and partners understand your services.

How we can help

- **CCTV systems:** survey, installation and maintenance of cameras for entrances, reception, corridors, pharmacy and car parks, with secure viewing for authorised staff and regular maintenance checks.
- **Corporate and service films:** facility tours, introductions to specialist departments and doctors, and short videos for your website and social media.
- **Health awareness content:** short educational videos produced to your medical team's script for awareness months and public education.
- **Event coverage and live streaming:** health talks, CMEs, launches and anniversaries.

Why FBI

One team handles the security technology and the media. We plan carefully, respect patient privacy on every shoot, and deliver on time.

We would be pleased to carry out a free CCTV assessment of the premises and prepare a tailored quotation. Our work can be viewed at fbigh.com.

Yours faithfully,

Jerbel Mark Addeh
