Re: Proposal for Campus CCTV, Access Control, Networking and School Event Media at Itquan International School

Dear Sir/Madam,

Parents choose a school they can trust with their children's safety, and they love to see their children's milestones. Film Beyond Imagination (FBI) would like to help Itquan International School with both.

What we would install

- **HD CCTV** at gates, drop-off and pick-up points, classroom corridors, playgrounds and perimeter, with remote viewing for management.
- **Gate and visitor access control**, so only authorised people collect children and enter the premises.
- **Campus Wi-Fi and networking** for staff, ICT labs and administration.

School events (optional)

- **Live streaming and filming** of speech days, graduations, sports and cultural days, so parents abroad or at work can watch, with highlight videos for your social media and admissions.

Why FBI

One FBI team designs, installs and maintains the cameras, access control and network, with neat cabling, clear labelling and remote viewing set up on your phones before we hand over.

We would welcome a short visit to carry out a free site survey and give you a clear quotation, with no obligation.

Yours faithfully,

Jerbel Mark Addeh
