Premium suites, controlled from the owner's phone.

Date: 4th November, 2026

To: The Management, Mobus Property Limited, 21B Drake Avenue, Airport Residential Area, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for Smart Apartment Technology and Building Security for Mobus Developments

Dear Sir/Madam,

Mobus builds hotel-style suites and apartments in some of Accra's most sought-after areas, and many buyers live abroad or rent their units out. Film Beyond Imagination (FBI) would like to give every Mobus unit the smart and secure features those buyers look for first.

What we would install

- **Phone control** of lighting, air conditioning and curtains in each suite, with energy-saving scenes.
- **Smart locks and video intercom**, so owners and property managers can let in guests and staff remotely.
- **Building CCTV** at entrances, lobbies, lifts, car parks and perimeter, with a security desk monitor.
- **Access control and building-wide Wi-Fi** for residents and visitors, plus maintenance after handover.

Why FBI

One FBI team designs, installs and maintains the cameras, access control and network, with neat cabling, clear labelling and remote viewing set up on your phones before we hand over.

We would welcome a short visit to carry out a free site survey and give you a clear quotation, with no obligation.

Yours faithfully,

Jerbel Mark Addeh
