Re: Proposal for Live Streaming of University Events, Campus Films and CCTV Support

Dear Sir/Madam,

Film Beyond Imagination (FBI) is an Accra-based film, broadcast and technology company. We have delivered more than 500 projects for over 300 clients across Ghana. We would like to partner with Academic City to bring your congregations, matriculations, conferences and student showcases to audiences beyond the campus.

How we can help

- **Multi-camera live streaming:** congregation and matriculation ceremonies, public lectures, conferences and hackathons, streamed in HD to YouTube, Facebook or your own platform, with backup internet and a full recording afterwards.
- **Campus and programme films:** recruitment videos, programme showcases, student and alumni stories, and aerial footage of the campus for marketing and admissions.
- **Event photography and same-day highlight videos** for your social media while the event is trending.
- **CCTV and campus security:** survey, installation and maintenance of camera systems for gates, labs, hostels and car parks.

Why FBI

We combine production and technology under one roof. Every job is planned in detail, rehearsed a day ahead for major events, and delivered on time.

We would welcome a short meeting to understand your academic calendar and prepare a tailored quotation at no cost. Our work can be viewed at fbigh.com.

Yours faithfully,

Jerbel Mark Addeh
