Re: Proposal for Event Live Streaming, School Films and CCTV Support

Dear Sir/Madam,

Film Beyond Imagination (FBI) is an Accra-based film, broadcast and technology company. We have delivered more than 500 projects for over 300 clients across Ghana, including Imperial Homes, the District Assemblies Common Fund and Criterion Media House. We would like to support Lincoln Community School in sharing its school life with parents, alumni and prospective families, at home and abroad.

How we can help

- **Live streaming of school events:** graduation, performances, sports days and assemblies, streamed in multi-camera HD so parents who cannot attend can still watch live, with a full recording delivered afterwards.
- **School and admissions films:** a short campus film, testimonial videos and photography for your website, social media and admissions presentations, including aerial shots of the campus.
- **Event photography and same-day highlights:** a short highlight video delivered while the event is still fresh.
- **CCTV and campus security:** survey, installation and maintenance of camera systems for gates, car parks and common areas, with secure viewing on phone for authorised staff.

Why FBI

We plan every job carefully, arrive early to rehearse, bring broadcast-grade equipment and backup internet, and deliver on time. One team handles both the media and the technology, so you deal with a single dependable partner.

We would welcome the opportunity to meet your team, understand your calendar of events for the year, and prepare a tailored quotation at no cost. Our recent work can be viewed at fbigh.com.

Yours faithfully,

Jerbel Mark Addeh
