Media & Campus Technology Proposal

Prepared for Accra College of Medicine

East Legon, Accra

Share the making of Ghana's next doctors with the world.

Date: 3rd November, 2026

To: The Dean and Communications Office, Accra College of Medicine, East Legon, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for Live Streaming, Institutional Films and Campus Security and Networking

Dear Sir/Madam,

Accra College of Medicine trains the next generation of doctors, and its milestones, from white coat ceremonies to graduations and public lectures, matter to families, partners and alumni far beyond East Legon. Film Beyond Imagination (FBI) would like to help ACM share those moments, and keep its campus secure and connected.

Media

- **Live streaming** of white coat ceremonies, graduations, public lectures and conferences, multi-camera, to YouTube, Zoom or a private link for families abroad.
- **Institutional films:** student and faculty stories and admissions films for prospective students and partners.
- **Lecture recording** for teaching and revision, plus photography for reports and social media.

Campus technology

- **CCTV** for entrances, labs, libraries and car parks, with recording and remote viewing.
- **Access control** for labs, anatomy and skills areas, and offices.
- **Structured cabling and reliable Wi-Fi** across teaching and office spaces.

Why FBI

One Ghanaian team for media and technology, with live production experience through our channel FBI TV and installations for clients such as Imperial Homes.

We would welcome a meeting to plan your next ceremony or lecture, and offer a free campus site survey and quotation.

Yours faithfully,

Jerbel Mark Addeh
