Re: Proposal for CCTV, Access Control and Networking for Your Warehousing and Haulage Operations

Dear Mr. Sarpong,

E&T Logistics offers clients a one-stop service: port clearance, warehousing and haulage across Ghana. Clients trust you with their goods at every stage, and visible security helps you prove it. Film Beyond Imagination (FBI) would like to be your security and networking partner.

Security

- **HD and night-vision CCTV** for warehouses, gates, yards and loading bays, with 24/7 recording and remote viewing on your phone.
- **Gate cameras** logging every truck in and out, with dates and times for dispute resolution.
- **Access control** for stores, offices and high-value areas, with a record of who entered and when.
- **Vehicle tracking and dash cameras** options for your haulage fleet.

Networking

- **Structured cabling and reliable Wi-Fi** for offices and warehouses, and a secure link between Achimota and Tema.

Why FBI

A Ghanaian team that designs, installs and maintains security and network systems, with fast local support and maintenance plans so every camera keeps recording.

We would welcome a visit for a free site survey and to prepare a design and quotation.

Yours faithfully,

Jerbel Mark Addeh
