Smart Home & Estate Security Proposal

Prepared for GreenPark Properties Limited

Haven Gardens, Adjiringanor · Cherry's Green, Achimota

Homes buyers can see are secure, and control from anywhere.

Date: 3rd November, 2026

To: The Sales & Development Team, GreenPark Properties Limited, Accra

Re: Proposal for Smart Home Options and Estate CCTV for Haven Gardens, Cherry's Green and Future Projects

Dear Sir/Madam,

With Haven Gardens in Adjiringanor and Cherry's Green in Achimota now selling, GreenPark is competing for buyers who compare every detail, and many of them live or work abroad. Two questions come up first: is the community secure, and can I manage my home when I am away? Film Beyond Imagination (FBI) designs and installs the systems that answer both, built in before handover.

Estate Security Package

- **CCTV** at gates, perimeter, streets and common areas, with recording and a guardhouse monitor.
- **Gate access control** for residents, visitors and service staff, plus remote viewing for estate management.
- **Maintenance plans** so every camera keeps recording after handover.

Smart Home Options for buyers

- **Essential:** video doorbell, outdoor cameras on the owner's phone and a smart lock.
- **Comfort:** Essential plus phone control of lighting, AC and the gate, with "Away" and "Night" scenes.
- Sold as upgrades at purchase, so buyers choose their level and GreenPark earns on every upgrade.

Why this sells homes

Visible security and smart features are among the first things buyers compare, especially buyers abroad. We can fit out one show house so every visitor experiences it during a viewing.

Why FBI

One team designs, installs and maintains the cameras, network and automation, working alongside your contractors so everything is built in rather than added later.

We would welcome a meeting on site to prepare a free site survey, design and quotation.

Yours faithfully,

Jerbel Mark Addeh
