Re: Proposal for a Media Partnership: Live Streaming, Video and Photography for Your Events

Dear Sir/Madam,

Since 2015, ARK Events has delivered corporate events, conferences and summits, brand activations and guest coordination built on purpose and flawless execution. Your clients increasingly judge an event by its reach as well as the room: who watched online and what they can share afterwards. Film Beyond Imagination (FBI) would like to be your dedicated media partner.

What we add to every ARK event

- **Multi-camera live streaming** of conferences, summits and launches to YouTube, Facebook, Zoom or a private link.
- **Video production:** highlight films, speaker clips, testimonial videos and same-day social edits.
- **Event photography** and drone coverage for outdoor events and activations.
- **Screen content:** live camera feeds, slides and sponsor branding on venue screens.

What ARK Events gains

- **A complete offer**, planning plus broadcast, so clients deal with one team.
- **Partner rates** that leave room for your margin, and a crew that follows your run of show.
- **Showreel content** from your own events to win the next client.

Why FBI

We produce and stream live events across Ghana and run our own live channel, FBI TV, with backup internet so streams stay up.

We would welcome a short meeting, and will cover one of your upcoming events at partner cost so you can judge the quality first-hand.

Yours faithfully,

Jerbel Mark Addeh
