Re: Proposal to Upgrade Live Streaming of Sunday Services and Midweek Programmes

Dear Rev. Asare Addo,

Covenant Congregation already streams its 7:30 and 10:00 Sunday services and midweek programmes on YouTube and Facebook, which shows a real commitment to members who cannot attend in person. Film Beyond Imagination (FBI) would like to help take that ministry to broadcast quality, so online worshippers feel truly present.

What we propose

- **A permanent multi-camera setup** in the auditorium: discreet cameras for the pulpit, choir and congregation, controlled from one desk.
- **Clean broadcast sound** fed from your sound system, so the choir, Singing Band and Heralds of Praise sound as good online as in church.
- **Lower-thirds and scripture graphics**, with simultaneous streaming to YouTube and Facebook.
- **Training for your media team**, so members can run Sunday services confidently, with our support on call.

Also available

- Coverage of special services, harvests, weddings and funerals of members, plus short sermon clips for social media.

Why FBI

We stream live events across Ghana and run our own live channel, FBI TV. We work quietly and respectfully during worship.

We would be glad to visit, assess the auditorium and prepare a free design and quotation, and to stream one Sunday service with our full setup at no cost so the Session can judge the difference.

Yours faithfully,

Jerbel Mark Addeh
