Re: Proposal for Smart Home Options and Estate-Wide CCTV for Satellite City, Adom Gate Pearls and Future Developments

Dear Sir/Madam,

Regimanuel Gray has housed Ghanaian families for decades, and many of today's buyers at Satellite City and Adom Gate Pearls live abroad. Before they commit, they ask two things: is the estate secure, and can I manage my home while I am away? Film Beyond Imagination (FBI) designs and installs the systems that answer both, built in before handover.

Estate Security Package

- **CCTV** at gates, perimeter, streets and common areas, with recording and a monitor in the guardhouse.
- **Gate access control** for residents, visitors and service staff, plus remote viewing for estate management.
- **Maintenance plans** so every camera keeps recording long after handover.

Smart Home Options for buyers

- **Essential:** video doorbell, outdoor cameras on the owner's phone and a smart lock.
- **Comfort:** Essential plus phone control of lighting, AC and the gate, with "Away" and "Night" scenes.
- Sold as upgrades at purchase, so buyers choose their level and Regimanuel Gray earns on every upgrade.

Why this sells homes

Visible security and smart features are among the first things diaspora buyers compare. With your show homes now open, we can fit out one show home so every visitor experiences it during a viewing.

Why FBI

One team designs, installs and maintains the cameras, network and automation, working alongside your contractors so everything is built in rather than added later.

We would welcome a meeting at Satellite City to prepare a free site survey, design and quotation.

Yours faithfully,
