Re: Partnership Proposal for Live Streaming and Media Coverage of the Funerals You Coordinate

Dear Sir/Madam,

As professional funeral planners offering a total solution for funerals in Ghana and beyond, you already take the weight off grieving families. One request is now part of almost every funeral: relatives abroad or far away want to see the farewell properly, not through a shaky phone video. Film Beyond Imagination (FBI) would like to be the media partner that makes this a standard part of your packages.

What families would receive

- **A private HD live stream** of the service, burial or cremation, with clean sound, on a private link relatives anywhere in the world can open.
- **A full recording** of the day, delivered afterwards as a keepsake.
- **A tribute video** from family photographs, played at the service and shared online.
- **Photography and a memorial film** of highlights, with optional drone coverage of the procession.

What The Funeral Handlers gains

- **A complete package:** planning, coordination and now broadcast, all under your name.
- **A reliable crew on call** for your bookings, at partner rates that leave room for your margin.
- **Your name on every stream**, watched by relatives at home and abroad who will plan future funerals.

Why FBI

We cover funerals and live events across Ghana and run our own live channel, FBI TV. Our crew is respectful and discreet, sets up early, and brings backup internet so the stream stays up.

To let you judge the quality yourself, we will stream one funeral you coordinate at no cost to you or the family. We would welcome a short meeting to arrange it.

Yours faithfully,

Jerbel Mark Addeh
