Smart Apartment & Building Security Proposal

Prepared for Clifton Homes

The Dunes · The Atlas · Varon Rise · Airport Residential, Accra

City and seafront living, controlled from the owner's phone.

Date: 9th November, 2026

To: The Management, Clifton Homes, 34 Senchi Street, Airport Residential, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for Smart Apartment Technology and Building Security for The Dunes, The Atlas, Varon Rise and Future Projects

Dear Sir/Madam,

From The Atlas beside the airport to The Dunes on the Atlantic coast, Clifton Homes builds apartments for buyers who often live abroad, travel often or rent their units out. The first questions they ask are: is the building secure, and can I manage my apartment when I am away? Film Beyond Imagination (FBI) designs and installs the systems that answer both, built in before handover.

In every apartment

- **Phone control** of lighting, air conditioning and curtains, with "Away" and "Night" scenes that save energy when the unit is empty.
- **Smart lock and video intercom**, so owners and property managers can let in guests, tenants and cleaners remotely, ideal for short-let apartments.
- **Private in-unit cameras** on the owner's phone, with alerts.

For every building

- **CCTV** at entrances, lobbies, lifts, car parks, pool decks and perimeter, with recording and a monitor at the security desk.
- **Access control** for residents, visitors and staff, plus building-wide Wi-Fi and networking.
- **Maintenance plans** after handover, so every camera keeps recording.

Why this sells apartments

Smart, secure apartments support premium prices and rents and appeal strongly to buyers in the diaspora. We can fit out one show apartment at The Dunes or Varon Rise so every buyer experiences it during a viewing.

Why FBI

One team designs, installs and maintains the cameras, network and automation, working alongside your contractors so everything is built in rather than added later. Our clients include Imperial Homes.

We would welcome a meeting to walk through a current project and prepare a free design and quotation for a show apartment and the building.

Yours faithfully,

Jerbel Mark Addeh
