Hospital Security, Networking & Media Proposal

Prepared for Danpong Hospital

67 Nungua Link, Spintex Road, Baatsona, Accra

A safer hospital for patients, staff and medicines.

Date: 9th November, 2026

To: The Management, Danpong Hospital, 67 Nungua Link, Spintex Road, Baatsona, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for CCTV, Access Control, Hospital Networking and a Patient Information Film

Dear Sir/Madam,

Danpong Hospital offers a wide range of care under one roof on Spintex Road: maternity and antenatal care, neonatology, paediatrics, surgery, orthopaedics, imaging, laboratory, pharmacy and ambulance services. A hospital this busy needs to know who is on its wards, protect its medicines and equipment, and keep its systems connected. Film Beyond Imagination (FBI) would like to help.

Security and access

- **CCTV** at entrances, emergency and OPD areas, corridors, car park and the pharmacy, with recording and a monitor at the security post.
- **Access control** for the maternity and neonatal wards, theatre, pharmacy store and records, so only authorised staff enter.
- **Remote viewing** for management, with maintenance plans so every camera keeps recording.

Networking

- **Structured cabling and reliable Wi-Fi** across consulting rooms, laboratory, imaging and administration, so records, results and billing move without delay.

Media

- **A short hospital film and photography** showing your departments and team, for your website and social media, so expectant mothers and families can see the care before they arrive.

Why FBI

One team designs, installs and maintains your cameras, access control and network, and our film crew produces the media. We work around clinical routines with minimal disruption.

We would welcome a meeting and a free site survey, followed by a free design and quotation.

Yours faithfully,

Jerbel Mark Addeh
