CCTV, Access Control & Networking Proposal

Prepared for LMI Holdings

Tema Free Zones Enclave · Dawa Industrial Zone · LMI Logistics

Every gate, yard and warehouse visible from one control room.

Date: 9th November, 2026

To: The Management, LMI Holdings, No. 1 El Senoussi Street, North Ridge, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for CCTV, Access Control and Network Infrastructure for LMI Industrial Zones and Logistics Facilities

Dear Sir/Madam,

As developers and managers of the Tema Free Zones Enclave and the Dawa Industrial Zone, and through LMI Logistics, your group is responsible for large sites, many tenants and high-value goods moving in and out every day. Film Beyond Imagination (FBI) designs, installs and maintains the security and network systems that keep such sites visible and under control.

For industrial zones and enclaves

- **Perimeter and gate CCTV** with long-range and night-vision cameras, number-plate capture at entry points, and recording in a central control room.
- **Access control** for staff, tenants, trucks and visitors, with records of who came in and out and when.
- **Site-wide networking:** fibre and wireless links between gates, offices and the control room, plus reliable Wi-Fi for management offices.

For LMI Logistics warehouses

- **Warehouse CCTV** covering loading bays, racking aisles, bonded storage and yards, so every pallet movement can be reviewed.
- **Restricted-area access control** for bonded and high-value stock.
- **Remote viewing** for management on phone and laptop, with alerts after hours.

Support

- Preventive maintenance plans and fast response, so every camera keeps recording and every door keeps logging.

Why FBI

One accountable team handles design, cabling, installation, configuration and maintenance, working alongside your facilities team and tenants.

We would welcome a meeting and a free site survey at one LMI facility of your choice, followed by a free design and quotation.

Yours faithfully,

Jerbel Mark Addeh
