Re: Partnership Proposal for Funeral Live Streaming, Tribute Videos and Memorial Content in Ghana

Dear Mr Stubbé,

GhanaRemembers gives families digital tribute pages and condolence registers, and preserves the stories of Ghanaian people, events and places. The natural next step for many families is the funeral itself: relatives abroad want to watch the farewell live, and want a tribute video to keep on the memorial page. Film Beyond Imagination (FBI) would like to be your production partner in Ghana.

What families would receive

- **A private HD live stream** of the funeral service and burial, with the link shown on the loved one's GhanaRemembers memorial page.
- **A tribute video** from family photographs, played at the service and kept on the memorial page.
- **A full recording, photography and a memorial film**, with optional drone footage of the procession.

What Remembers Group gains

- **A premium add-on** for memorial pages and Ghana Funeral Services packages, delivered entirely by our crew at partner rates.
- **Richer memorial content** that keeps families and their relatives returning to the platform.
- **Video for GhanaRemembers stories:** short documentaries on historical events, people and places, filmed in Ghana.

Why FBI

We already cover funerals and live events across Ghana, including our recent funeral coverage at Kaswa, and run our own live channel, FBI TV. Our crew is respectful and discreet, and brings backup internet so the stream stays up.

We would welcome a short call or meeting in Accra, and will stream one funeral for a family you refer at no cost, so you can judge the quality.

Yours faithfully,

Jerbel Mark Addeh
