Re: Proposal for CCTV, Access Control and Networking Across Advans Ghana Branches

Dear Sir/Madam,

Congratulations on your new head office and the opening of your Tema branch. As Advans Ghana grows, every branch needs the same high standard of security and connectivity. Film Beyond Imagination (FBI) would like to help you deliver it.

What we would deliver

- **HD CCTV** at banking halls, teller points, cash rooms, ATMs and entrances, with secure recording and central viewing from head office.
- **Access control** for cash rooms, server rooms and back offices, with a full audit trail.
- **Reliable branch networking**: structured cabling, secure Wi-Fi and backup links to keep core banking online.
- **Preventive maintenance** and fast support under one contract.

The benefits

- **Stronger compliance** with security expectations, and clear evidence for any incident.
- **One standard** for new and existing branches, at multi-site partner rates.

We offer a free site survey, system design and quote for the Tema branch or a branch of your choice. We would welcome a short meeting with your operations and IT team.

Yours faithfully,

Jerbel Mark Addeh
