Re: Partnership Proposal for CCTV, Access Control and Smart Home Systems

Dear Sir/Madam,

Many of the landlords you manage for live abroad, and many of your relocation clients arrive new to Accra. Both want to know their property is secure. Film Beyond Imagination (FBI) would like to partner with Akka Kappa to offer that peace of mind across your portfolio.

What we would deliver

- **HD CCTV** with remote viewing, so landlords abroad can check on their property from a phone.
- **Access control** for gates and apartment entrances, with visitor logs.
- **Smart home features**: smart locks, lighting and AC control, a strong selling point for lettings.
- **Networking and Wi-Fi** for apartments and serviced homes.

What Akka Kappa gains

- **A premium add-on** for your property and facility management clients, at partner rates with room for your margin.
- **Better lettings**: secure, smart homes rent faster and at better rates.

We offer a free survey, design and quote for one property in your portfolio. We would welcome a short meeting.

Yours faithfully,

Jerbel Mark Addeh
