Campus Security & Networking Proposal

Prepared for American International School, Ghana

Pre School · Elementary · Middle School · High School (IBDP & AP)

A safer, better-connected campus for every AIS student.

Date: 28th October, 2026

To: The Head of School, American International School, Ghana, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for CCTV, Access Control and Network Upgrades at AIS

Dear Head of School,

Congratulations on becoming an Authorized IB World School. With Pre School through High School, athletics, arts and after-school programmes, and digital learning on ManageBac and Follett Destiny, AIS depends on a safe campus and a reliable network. Film Beyond Imagination (FBI) would like to support both.

What we would deliver

- **HD CCTV** at gates, car parks, corridors, play areas and sports grounds, with central recording and remote viewing.
- **Access control** for staff, students and visitors, with visitor logs and controlled access to labs and offices.
- **Campus-wide networking and Wi-Fi** sized for digital learning, with managed access points and network health checks.
- **Maintenance and quick support** under a service agreement.

Also available

- **Live streaming and video** of graduations, sports events and performances for families, plus a promotional film for admissions.

We offer a free site survey, system design and quote, carried out without disrupting classes. We would welcome a short meeting with your leadership and IT team.

Yours faithfully,

Jerbel Mark Addeh
