Re: Partnership Proposal for CCTV, Access Control and Smart Building Systems

Dear Sir/Madam,

Landsar already keeps clients' electrical, plumbing, AC, generators and fire and safety equipment running. Security and smart building systems are a natural next service, and Film Beyond Imagination (FBI) would like to be your installation partner.

What we would deliver for your clients

- **HD CCTV** for buildings, compounds and estates, with remote viewing for owners and your team.
- **Access control** at gates and entrances: cards, keypads or app entry, with visitor logs.
- **Smart building features**: smart lighting, locks and AC control from one app.
- **Networking and Wi-Fi** for offices, apartments and common areas.

What Landsar gains

- **A new revenue line** at partner rates, with room for your margin.
- **Ongoing maintenance** of the systems we install, which your team can bundle into service contracts.

We offer a free survey, design and quote for one of your managed properties. We would welcome a short meeting.

Yours faithfully,

Jerbel Mark Addeh
