Re: Partnership Proposal for Smart Home Automation and Estate CCTV at Emefs Developments

Dear Sir/Madam,

With about 200 homes at Royal View Estate in Gbetsile, the Hill View estate, and the Elmorada, Ahomka and Afefa apartments on sale, Emefs is building whole communities around Tema. Film Beyond Imagination (FBI) would like to partner with you to make those communities smart and secure from day one.

What we would deliver

- **Estate CCTV:** HD cameras at entrances, perimeter walls and streets, with central recording and remote viewing for your security and facility teams.
- **Access control** at estate gates and apartment lobbies: resident cards or app entry and visitor logs.
- **Smart home packages** for your house types (Humphrey, Pallazzo, Villina, Sterling, Haven, Xaviera): smart lighting, locks, cameras and AC control from one app.
- **Networking** for apartment blocks and sales offices: structured cabling and building-wide Wi-Fi.

What Emefs gains

- **A clear advantage** with buyers, especially in the diaspora, who want to see and secure their home from anywhere.
- **Partner rates** across all your projects, so smart features can be priced in or sold as upgrades.
- **One installer** for design, installation and after-sales support, already trusted by Imperial Homes.

We offer a free site survey, system design and quote for Royal View Estate. We would welcome a short meeting at your Tema office.

Yours faithfully,

Jerbel Mark Addeh
