Date: 27th October, 2026

To: The Management, Ernest Chemists Limited, Nester Square, 7th Floor, 215 South Liberation Link, Airport, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for Centralised CCTV and Networking Across Branches and Warehouses

Dear Sir/Madam,

As you celebrate 40 years as one of Ghana's largest pharmaceutical retailers and distributors, your branches and warehouses hold high-value stock that must be protected and tracked. Film Beyond Imagination (FBI) would like to help you see and secure every location from one place.

What we would deliver

- **HD CCTV in every branch:** tills, dispensary, shelves and entrances, recorded locally and viewable from head office.
- **Warehouse coverage:** loading bays, stores, gates and perimeter, with night vision and motion alerts.
- **Central monitoring** so management and auditors can review any branch or warehouse remotely.
- **Access control** for stores and controlled-drug rooms, with a record of every entry.
- **Networking**: reliable cabling and Wi-Fi linking point-of-sale, stock systems and cameras.

The benefits

- **Less shrinkage and fewer disputes**, with clear footage for every incident.
- **One installer and one support contract** for all sites, at multi-site partner rates.

We offer a free site survey, system design and quote for a pilot branch and one warehouse. We would welcome a short meeting with your operations team.

Yours faithfully,

Jerbel Mark Addeh
