Campus Security & Networking Proposal

Prepared for Ghana International School

Infant School · Junior School · Lower & Upper Secondary · Cantonments

A safer, better-connected campus for every GIS child.

Date: 27th October, 2026

To: The Principal, Ghana International School, 2nd Circular Road, Cantonments, Accra (Attn: Security Manager and IT Systems Manager)

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for CCTV, Access Control and Network Upgrades at GIS

Dear Principal,

With four divisions, from Infant School to Upper Secondary, on one Cantonments campus, GIS carries a large responsibility for the safety of its students and the reliability of its IT. Film Beyond Imagination (FBI) would like to support your Security and IT teams with a modern, integrated system.

What we would deliver

- **HD CCTV** at gates, car parks, corridors, play areas and perimeter walls, with central recording and remote viewing for your Security Manager.
- **Access control** for staff, students and visitors: card or biometric entry, visitor logs, and controlled access to labs and offices.
- **Networking and Wi-Fi** across all four divisions: structured cabling, managed access points and network health checks with your IT team.
- **Maintenance** and quick support under a service agreement.

Also available

- **Live streaming and video** of speech days, graduations, concerts and sports days, so parents abroad never miss a moment.

We offer a free site survey, system design and quote, carried out at a time that does not disrupt classes. We would welcome a short meeting with your Security and IT Systems Managers.

Yours faithfully,

Jerbel Mark Addeh
