Re: Partnership Proposal for Professional Production of Your Live Streaming Service, Tribute Videos and Memorial Films

Dear Sir/Madam,

Transitions already does what few funeral homes in Ghana do: it offers families live streaming as part of a modern, complete funeral service. Film Beyond Imagination (FBI) would like to help you take that service to broadcast standard, with a dedicated production crew families will notice and recommend.

How we can strengthen your streaming service

- **Multi-camera production:** two or more cameras, close-ups of tributes and readings, clean sound from the pulpit and choir, and on-screen names and graphics in the Transitions brand.
- **Reliability:** our crew arrives early to set up and test, and brings backup internet so the stream stays up for relatives watching abroad.
- **Coverage beyond the chapel:** church services, gravesides and processions, at any of your branches or wherever the family holds the funeral.
- **A permanent setup** option for your chapel and reception facility, so streaming is ready for every ceremony.

Media families will pay for

- **Tribute videos** of the life of the deceased, played at the service and shared online.
- **Memorial films**, full recordings, professional photography and optional drone footage.

Brand films, photography and testimonial videos for Transitions are also available. All work is delivered at partner rates that leave room for your margin.

Why FBI

We already cover funerals and live events across Ghana, including our recent funeral coverage at Kaswa, and we run our own live channel, FBI TV, so streaming is our daily work.

To let you judge the difference yourselves, we will produce the stream for one Transitions funeral at no cost to you or the family. We would welcome a short meeting to arrange it.

Yours faithfully,

Jerbel Mark Addeh
