Re: Partnership Proposal for Live Streaming and Professional Media Coverage

Dear Sir/Madam,

Befitting already gives families complete funeral packages, from transport and pallbearers to catering, souvenirs and photo and video coverage. Film Beyond Imagination (FBI) would like to strengthen that offer with professional live streaming and cinema-quality media, delivered under your name.

What families would receive

- **A private HD live stream** of the service and burial, on a link shared with relatives anywhere in the world.
- **A full recording** and a highlight memorial film, delivered as keepsakes.
- **A tribute video** from family photographs, played at the service.
- **Professional photography** and optional drone footage of the procession.

What Befitting gains

- **A stronger premium package:** live streaming is the one service families abroad ask for most.
- **A reliable media crew on call** for your bookings, at partner rates that leave room for your margin.
- **Better gallery content:** professional photos and films for your Photos & Videos gallery and social media, which help win the next family.

Why FBI

We already cover funerals and live events across Ghana, including our recent funeral coverage at Kaswa. Our crew is respectful and discreet, and brings backup internet so the stream stays up.

To let you judge the quality yourself, we will stream one funeral you arrange at no cost to you or the family. We would welcome a short meeting to arrange it.

Yours faithfully,

Jerbel Mark Addeh
