Smart Home & Estate Security Proposal

Prepared for Blackrock Developers Limited

Accra

Bespoke homes, made smart and secure.

Date: 26th October, 2026

To: The Management, Blackrock Developers Limited, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for Smart Home Automation and CCTV for Your Developments

Dear Sir/Madam,

With more than two hundred homes built across seven developments, Blackrock has shown that bespoke, quality homes can be affordable. Film Beyond Imagination (FBI) would like to help your next developments stand out with smart home and security features that buyers can see, touch and control from their phones.

Smart Home Options for buyers

- **Essential:** a video doorbell, outdoor cameras on the owner's phone, and a smart lock.
- **Comfort:** Essential plus phone control of lighting, AC and the gate, and "Away" and "Night" scenes.
- Offered as upgrades at purchase, so buyers choose their level and you earn on every upgrade.

Estate Security Package

- **CCTV** at gates, perimeter and common areas, with a guardhouse monitor and remote viewing for management.
- **Gate access control** and estate networking, with maintenance plans after handover.

Why this sells homes

Smart and secure is one of the clearest ways to stand out in a crowded market, especially to buyers abroad. We can fit out a show house so every buyer experiences it during a viewing.

Why FBI

One team designs, installs and maintains the cameras, network and automation, working with your contractors so everything is built in rather than added later.

We would welcome a meeting to prepare a free design and quotation for your next development.

Yours faithfully,

Jerbel Mark Addeh
