Re: Partnership Proposal for Live Streaming and Media Coverage of Farewell Services

Dear Sir/Madam,

Gillman & Abbey already helps families with everything from caskets and decorations to repatriation and the book of condolence. One thing most families still lack is a way for relatives who cannot attend to see the farewell properly. Film Beyond Imagination (FBI) would like to add professional live streaming and media to your services.

What families would receive

- **A private HD live stream** of the service at your Chapel of Rest, the church or the graveside, on a link shared with relatives anywhere in the world.
- **A full recording** of the day, delivered as a keepsake.
- **A tribute video** from family photographs, and photography of the service.
- **A memorial film** with highlights, plus optional drone footage of the procession.

What Gillman & Abbey gains

- **A new premium service** in your packages, delivered entirely by our crew at partner rates that leave room for your margin.
- **Content for GhanaMemorials and your announcements:** tribute videos and recordings that fit naturally beside the memorial pages you already publish.
- **A permanent streaming setup** option for your Chapel of Rest, so streaming is ready for every ceremony.
- **Promotional films** of your showroom, chapel and services for your website and YouTube channel.

Why FBI

We already cover funerals and live events across Ghana, including our recent funeral coverage at Kaswa. Our crew is respectful, discreet and well prepared, with backup internet so the stream stays up.

To let you judge the quality yourself, we will stream one farewell service you arrange at no cost to you or the family. We would welcome a short meeting to arrange it.

Yours faithfully,

Jerbel Mark Addeh
