Re: Partnership Proposal for Live Streaming and Media Coverage of Funerals for Your Families at Home and Abroad

Dear Sir/Madam,

Your global repatriation service means many of the families you serve have relatives spread across the world. When a loved one is brought home to Ghana, the people abroad often cannot travel for the funeral. Film Beyond Imagination (FBI) would like to help Kings Funeral Home close that gap with a professional live broadcast of every farewell.

What families would receive

- **A private HD live stream** of the funeral service, burial or cremation, on a private link shared with relatives anywhere in the world, timed for viewers in other time zones.
- **A full recording** of the day, delivered as a keepsake.
- **A tribute video** from family photographs, played at the service and shared online.
- **Photography and a memorial film** with highlights, plus optional drone footage of the procession.

What Kings Funeral Home gains

- **A complete repatriation-to-farewell offer:** you bring the loved one home, and families abroad still attend. That is a strong reason for families overseas to choose you.
- **A new premium service** in your packages, delivered entirely by our crew at partner rates that leave room for your margin.
- **Promotional films and photography** of your facilities and services for your website and social media, aimed at families in the diaspora.

Why FBI

We already cover funerals and live events across Ghana, including our recent funeral coverage at Kaswa. Our crew is respectful and discreet, sets up early, and brings backup internet so the stream stays up.

To let you judge the quality yourself, we will stream one funeral arranged by Kings Funeral Home at no cost to you or the family. We would welcome a short meeting to arrange it.

Yours faithfully,

Jerbel Mark Addeh
