Smart Apartment & Building Security Proposal

Prepared for Myla Homes

Belrose Place · Breeze · Accra

Luxury apartments, controlled from the owner's phone.

Date: 26th October, 2026

To: The Management, Myla Homes, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for Smart Apartment Technology and Building Security for Belrose Place, Breeze and Future Projects

Dear Sir/Madam,

Myla Homes builds luxury contemporary apartments in some of Accra's most coveted locations. Many buyers of such apartments live abroad or travel often and rent their units out. Film Beyond Imagination (FBI) would like to give every Myla apartment the smart and secure features those buyers look for first.

In every apartment

- **Phone control** of lighting, air conditioning and curtains, with "Away" and "Night" scenes that save energy.
- **Smart lock and video intercom**, so owners and property managers can let in guests and staff remotely, ideal for short-let apartments.

For every building

- **CCTV** at entrances, lobbies, lifts, car parks and perimeter, with a monitor at the security desk.
- **Access control** for residents and visitors, and building-wide Wi-Fi and networking.
- **Maintenance plans** after handover.

Why this sells apartments

Smart, secure apartments command higher prices and rents and appeal strongly to buyers abroad. We can fit out a show apartment so every buyer experiences it.

Why FBI

One team designs, installs and maintains the cameras, network and automation, working with your contractors so everything is built in.

We would welcome a meeting to prepare a free design and quotation for your next project.

Yours faithfully,

Jerbel Mark Addeh
