Smart Living & Security Proposal

Prepared for VAAL Real Estate

Legato Heights · Nirvana Villas · Villanova · Agora · Harmonia · Puna · Moonbow

Homes that buyers can control, and trust, from anywhere in the world.

Date: 26th October, 2026

To: The Development & Sales Directors, VAAL Real Estate, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for Smart Home Automation, Smart Office Systems and CCTV Across VAAL Developments

Dear Sir/Madam,

VAAL builds some of Accra's most sought-after addresses in Ridge, Cantonments and beside the airport, for buyers who often live abroad for part of the year. They ask two questions first: is it secure, and can I manage it when I am away? Film Beyond Imagination (FBI) designs and installs the systems that answer both, built in before handover.

For every home: Smart Home Package

- **Phone control** of lighting, air conditioning, curtains and the gate, from anywhere in the world.
- **Smart locks and a video doorbell**, so owners see and speak to visitors and let in trusted staff remotely.
- **Private in-home cameras** viewable on the owner's phone, with alerts.
- **Scenes such as "Away" and "Night"** that set lights, AC and security with one tap, and save energy when the home is empty.

For every development: Estate Security Package

- **CCTV** at gates, perimeter, car parks, lifts and common areas, with recording and a monitor in the guardhouse.
- **Access control and estate Wi-Fi** at gates, entrances, the clubhouse and the security post.

For Harmonia commercial spaces: Smart Office Package

- Structured cabling and business Wi-Fi, door access control, CCTV, and automated lighting and AC that switch off when the office is empty.

Why this sells homes

Smart, secure homes are a visible reason to choose VAAL over another development, a strong selling point for buyers abroad, and support premium pricing and rental value. We can start with one show unit fitted out, so buyers experience it on every viewing, then roll out across the project.

Why FBI

One team designs, installs and maintains the cameras, network and automation, working alongside your contractors. We would welcome a meeting to walk through a current project and prepare a free design and quotation for a show unit and the estate.

Yours faithfully,

Jerbel Mark Addeh
