Re: Proposal to Be Your Production Partner for Photography, Video and Live Streaming

Dear Sir/Madam,

BEX Events offers clients a complete package: event space, planning, coordination and equipment, for conferences, private meetings, exhibitions, weddings, parties and funerals. Film Beyond Imagination (FBI) would like to complete that package with professional media, delivered under your coordination.

What we would add to your packages

- **Event photography and videography** for indoor and outdoor events.
- **Multi-camera live streaming** for conferences, weddings and funerals, so remote guests can attend, with backup internet.
- **Same-day highlight videos** and drone footage for outdoor events.
- **Content for BEX Events:** photos and short films of your spaces for your website and social media.

How it works

We work as your production partner at agreed partner rates, so media adds margin to your packages, and your clients deal with BEX Events throughout.

Why FBI

We have delivered more than 500 projects across Ghana. We plan carefully, rehearse major events and deliver on time.

We would be grateful to be considered for your next suitable event, and would welcome a short meeting and tour of your spaces.

Yours faithfully,

Jerbel Mark Addeh
