Re: Partnership Proposal for Live Streaming, Event Recording and Photography for Events at WTC Accra

Dear Sir/Madam,

World Trade Centre Accra hosts trade missions, conferences and business forums whose audiences reach well beyond Ghana. With your main conference hall, seminar rooms and atrium, many of the organisers who book with you need their events streamed, recorded and photographed. Film Beyond Imagination (FBI) would like to be the production partner you can recommend to them.

What we offer your clients

- **Multi-camera live streaming** of conferences, forums and launches to YouTube, Facebook, Zoom or a private link, with backup internet, so international participants can join.
- **Hybrid meeting support:** cameras, microphones and screen feeds so remote speakers and delegates take part fully.
- **Full event recording, photography and same-day highlight videos** for organisers' reports, sponsors and social media.
- **Stage screen feeds** for large sessions in your main hall.

How the partnership works

Your events team offers FBI's media services when clients book, at agreed partner rates, with a referral arrangement for WTC Accra. We work within your house rules and alongside your existing audiovisual equipment.

Why FBI

We have delivered more than 500 projects across Ghana and run our own live channel, FBI TV, so live production is our daily work. We plan with the organiser, test the day before, and deliver on time.

We would welcome a short meeting with your events team, and the opportunity to quote for your next scheduled conference.

Yours faithfully,

Jerbel Mark Addeh
