Re: Proposal for Impact Films, Campaign Content, Event Coverage and Photography

Dear Sir/Madam,

Film Beyond Imagination (FBI) is an Accra-based film, broadcast and communications company with more than 500 projects delivered across Ghana, including campaign work for the District Assemblies Common Fund. We would like to help World Vision Ghana show partners, donors and communities the impact of its programmes.

What we offer

- **Impact and programme films:** short documentaries and beneficiary stories from your project communities, filmed with care and with safeguarding and consent built into every shoot.
- **Campaign content:** awareness videos, social media series and radio/TV-ready spots, in English and local languages.
- **Event coverage and live streaming:** launches, stakeholder forums and commemorations, with photography and same-day highlights.
- **Field photography** for reports, proposals and donor communications.
- **Aerial drone footage** of project sites, such as water points, schools and infrastructure.

Why FBI

We travel nationwide, plan every shoot around your safeguarding policies, and deliver on time for your reporting deadlines.

We would welcome a short meeting with your communications team. Our work can be viewed at fbigh.com.

Yours faithfully,

Jerbel Mark Addeh
