Re: Proposal for CCTV, Access Control and Network Upgrades at Max Mart Stores

Dear Sir/Madam,

Max Mart serves families in Accra and Tema, with high-value stock, busy tills and steady deliveries every day. Film Beyond Imagination (FBI) would like to help you protect your stock, staff and shoppers with modern, centrally managed security and reliable store networks.

What we offer

- **HD CCTV** covering entrances, aisles, high-value shelves, tills, stockrooms, receiving bays and car parks, with clear night vision.
- **Remote viewing** of every branch from one app, so management can check any store at any time.
- **Access control** for stockrooms, cash offices and staff areas, with a log of who entered and when.
- **Networking and Wi-Fi** for point-of-sale, inventory and card payments, built to stay up at peak hours.
- **Maintenance plans** with fast response across Accra and Tema.

What Max Mart gains

- Less shrinkage, quicker answers when incidents happen, and fewer outages at the tills.
- One accountable partner, with one standard across all your stores.

We would welcome a meeting, and will carry out a free site survey of one branch of your choice with a clear, itemised quotation.

Yours faithfully,

Jerbel Mark Addeh
