Hospital Security & Networking Proposal

Prepared for Medifem Multi-Specialist Hospital & Fertility Centre

Margaret Anderson Avenue, Westlands, Accra · 24/7 care

Round-the-clock care deserves round-the-clock protection.

Date: 26th October, 2026

To: The Administrator, Medifem Multi-Specialist Hospital, Margaret Anderson Avenue, Westlands, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for CCTV, Access Control and Network Infrastructure at Medifem Hospital

Dear Sir/Madam,

Medifem runs 24/7 general practice alongside its maternity and paediatric units, surgery, laboratory, pharmacy and the Accra Fertility Centre. A hospital open day and night, caring for mothers and newborns, needs security and IT that never sleep. Film Beyond Imagination (FBI) would like to help.

What we offer

- **HD CCTV with night vision** at entrances, reception, wards, corridors, the car park and perimeter, with remote viewing for management.
- **Access control** for the maternity and paediatric units, theatre, pharmacy and laboratory, so only authorised staff and visitors enter, with a full log.
- **Structured networking and Wi-Fi** for patient records, lab, billing and imaging systems, with a separate guest network for patients and families.
- **Maintenance plans** with fast response, day or night.

What Medifem gains

- Stronger protection for mothers, babies and staff, and greater peace of mind for families.
- Protected medicines, equipment and records, and fewer system interruptions.
- One accountable partner for cameras, access and network.

Why FBI

We design, install and maintain security and network systems for businesses across Accra, scheduling work so patient care is never disrupted. We would welcome a visit to carry out a free site survey and provide an itemised quotation.

Yours faithfully,

Jerbel Mark Addeh
