Clinic Security & Networking Proposal

Prepared for Rabito Clinic Limited

14th Lane, behind Koala, Osu, Accra

Safe patients, protected records, systems that never go down.

Date: 26th October, 2026

To: The Administrator, Rabito Clinic Limited, H/No. F886/2, 14th Lane, behind Koala, Osu, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for CCTV, Access Control and Network Infrastructure at Rabito Clinic

Dear Sir/Madam,

Rabito Clinic serves patients from its Osu premises behind Koala. A busy clinic holds valuable equipment, medicines and confidential records, and depends on its computer systems from reception to the laboratory. Film Beyond Imagination (FBI) would like to help you protect all of it.

What we offer

- **HD CCTV** at entrances, reception, waiting areas, corridors, the car park and perimeter, with remote viewing for management on phone and laptop.
- **Access control** for the laboratory, pharmacy and drug stores, consulting rooms and records, with a log of who entered and when.
- **Structured networking and Wi-Fi** so records, billing, lab and reception systems stay fast and connected, with a separate guest network for patients.
- **Maintenance plans** with fast response.

What Rabito gains

- Safer patients and staff, protected stock and records, and clear evidence when incidents occur.
- Fewer IT interruptions at busy times, and one accountable partner for cameras, access and network.

Why FBI

We design, install and maintain CCTV, access control and networks for businesses across Accra, working around your hours so patient care is never disrupted.

We would welcome a visit to carry out a free site survey and provide a clear, itemised quotation.

Yours faithfully,

Jerbel Mark Addeh
