Re: Proposal for Professional Service Streaming and Youth Media Content

Dear Pastor,

As a charismatic church for the youth, Tehillah Generation Chapel speaks to a generation that lives online. Your live service already brings worship to people beyond Lashibi and Korle Gonno. Film Beyond Imagination (FBI) would like to help make every stream look and sound as powerful as the service in the room.

What we offer

- **A permanent streaming setup**: discreet cameras, a vision mixer and clean sound feeds, installed at your main auditorium and easy for your volunteers to run.
- **Training for your media team** in camera work, switching, sound and streaming.
- **Full production** for conferences, youth camps, concerts and special services, streamed to YouTube, Facebook and your website.
- **Short-form content**: reels, sermon clips and worship videos made for Instagram and TikTok.
- **Broadcast on FBI TV**, our live channel, for selected programmes.

Why FBI

We produce live events and broadcasts across Ghana and install the equipment to go with them, so one team handles both. We offer partner rates for churches.

We would welcome a visit to your auditorium for a free technical assessment and quotation, and will produce one special service at no cost so you can see the difference.

Yours faithfully,

Jerbel Mark Addeh
