Clinic Security & Networking Proposal

Prepared for Akai House Clinic

Akailab · Akaivax · Akaiscan · Immigration Medicals · No. 1 Sixth Circular Road, Cantonments

Safe patients, protected records, systems that never go down.

Date: 26th October, 2026

To: The Administrator, Akai House Clinic, No. 1 Sixth Circular Road, Cantonments, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for CCTV, Access Control and Network Infrastructure at Akai House Clinic

Dear Sir/Madam,

Akai House Clinic serves families, corporate clients and visa applicants every day through Akailab, Akaivax, Akaiscan and your immigration medicals service. High patient numbers, valuable equipment, medicines and confidential records all call for strong security and dependable IT. Film Beyond Imagination (FBI) would like to help.

What we offer

- **HD CCTV** at entrances, reception, waiting areas, the car park and perimeter, with remote viewing for management.
- **Access control** for the laboratory, radiology, vaccine and drug stores and records rooms, with a log of who entered and when.
- **Structured networking and Wi-Fi** so lab systems, imaging, billing and reception stay connected and fast, with a separate guest network for patients.
- **Maintenance plans** with fast response.

What Akai House gains

- Safer patients and staff, protected stock and records, and evidence when incidents occur.
- Fewer IT interruptions at busy times, and one accountable partner for cameras, access and network.

Why FBI

We design, install and maintain CCTV, access control and networks for businesses across Accra, working around your opening hours so patient care is never disrupted.

We would welcome a visit to carry out a free site survey and provide a clear, itemised quotation.

Yours faithfully,

Jerbel Mark Addeh
