Premium addresses, controlled from the owner's phone.

Date: 26th October, 2026

To: The Management, Devtraco Plus Ghana Ltd, No. 8b Sir Arku Korsah Road, Airport Residential Area, Accra

From: Film Beyond Imagination (FBI), Dome, Accra

Re: Proposal for Smart Home Technology and Building Security across Your Current and Upcoming Developments

Dear Sir/Madam,

From Lotus in Airport Residential and Arlo in Cantonments to The Address at Roman Ridge, The Niiyo in Dzorwulu and the Acasia townhomes, Devtraco Plus sells to buyers who expect the best. Many of them live abroad or let their units out. Film Beyond Imagination (FBI) would like to make every Devtraco Plus home as smart and secure as its address is prestigious.

In every apartment and townhome

- **Phone control** of lighting, air conditioning and curtains, with "Away" and "Night" scenes that save energy.
- **Smart locks and video intercom**, so owners and property managers can let in guests, cleaners and tenants remotely, ideal for short lets.
- **Fast, building-wide Wi-Fi** designed in from the start, not added later.

For every building and community

- **CCTV** at gates, lobbies, lifts, car parks and perimeter, viewable at the security post and remotely by facility managers.
- **Access control** for residents, staff and visitors, with logs you can review at any time.
- **Maintenance plans** after handover, so systems keep working for years.

Why it sells

Smart, secure homes command higher prices and rents and appeal strongly to diaspora buyers. We can fit out a show unit so every prospect experiences it on their visit.

Why FBI

One team designs, installs and maintains the cameras, network and automation, and works alongside your contractors so everything is built in cleanly. We would welcome a meeting to prepare a free design and quotation for one of your current projects.

Yours faithfully,

Jerbel Mark Addeh
