Re: Partnership Proposal for Live Streaming and Media Coverage of the Funerals You Plan

Dear Sir/Madam,

FamilyCare already takes the whole burden off grieving families: event planning, hearse, caskets, catering, repatriation and cemetery services, day and night. One thing families still worry about is the relatives who cannot attend, children abroad, elderly parents in the village, friends who cannot travel. Film Beyond Imagination (FBI) would like to complete your offer with professional farewell media.

What families would receive

- **A private HD live stream** of the service and burial, on a link shared with relatives anywhere in the world.
- **A full recording** of the day, delivered as a lasting keepsake.
- **A tribute video** from family photographs, played at the service and shared online.
- **Photography and a memorial film**, with optional drone footage of the procession.

What FamilyCare gains

- **A premium add-on** for your prepaid, group and bespoke plans, delivered entirely by our crew at partner rates that leave room for your margin.
- **A strong reason for diaspora families**, who use your repatriation service, to choose FamilyCare.
- **Your name on every stream** watched at home and abroad.

Why FBI

We cover funerals and live events across Ghana. Our crew is respectful and discreet, arrives early to test, and brings backup internet so the stream stays up.

To let you judge the quality yourself, we will stream one funeral you are organising at no cost to you or the family. We would welcome a short meeting to arrange it.

Yours faithfully,
