# Warehouse Security & Networking Proposal

## Prepared for Frimps Logistics Limited

**Warehousing & Distribution · Freight · Customs Clearance (Tema Port & KIA)**

Clients trust you with their goods. Show them it's watched.

**Date:** 26th October, 2026

**To:** The Management, Frimps Logistics Limited, Accra

**From:** Film Beyond Imagination (FBI), Dome, Accra

**Re:** Proposal for CCTV, Access Control and Network Upgrades at Your Warehouses

Dear Sir/Madam,

Frimps Logistics already promises clients secure storage with 24/7 CCTV across warehousing, freight and customs clearance at Tema Port and KIA. Film Beyond Imagination (FBI) would like to help you keep that promise sharp: clearer cameras, tighter access, and a network that keeps everything running.

### What we offer

- **CCTV health check and upgrade:** high-definition and night-vision cameras on loading bays, racking aisles, gates and the perimeter, with no blind spots.
- **Remote viewing** for management on phone and laptop, with recordings stored long enough to resolve any client claim.
- **Access control** for warehouse floors, climate-controlled zones and offices, with a log of who entered and when.
- **Networking and Wi-Fi** across warehouse and office for inventory scanners, tracking systems and staff.
- **Maintenance plans** with fast response, so cameras never go dark.

### What Frimps gains

- Fewer losses and disputes, faster answers to client queries, and a security story you can show prospective clients.
- One accountable partner for cameras, access and network.

We would welcome a visit to carry out a free site survey of one warehouse and give you a clear, itemised quotation.

Yours faithfully,

---
