Re: Proposal for CCTV, Access Control and Network Upgrades at Melcom Stores and Warehouses

Dear Sir/Madam,

With busy stores from Spintex, Achimota and Madina to Teshie, Weija and Kasoa, and many more nationwide, Melcom moves enormous volumes of stock and serves crowds of shoppers every day. Film Beyond Imagination (FBI) would like to help you protect that stock, your staff and your customers with modern, centrally managed security.

What we offer

- **HD CCTV** covering entrances, aisles, tills, stockrooms, loading bays and car parks, with clear night vision.
- **Central remote viewing**, so head office can see any branch live from one dashboard.
- **Access control** for stockrooms, cash offices and warehouses, with a log of who entered and when.
- **Networking and Wi-Fi** for point-of-sale, inventory and staff systems, built to stay up at peak trading.
- **Maintenance plans** with fast response across Accra and Tema.

What Melcom gains

- Less shrinkage, quicker answers when incidents happen, and fewer system outages at the tills.
- One accountable partner, with a consistent standard across branches.

We would welcome a meeting, and will carry out a free site survey of one Accra branch of your choice with a clear, itemised quotation.

Yours faithfully,

Jerbel Mark Addeh
